EDITORIAL COMMENT.

Easter April 23rd.

One of the pleasant features of a

vacation trip is the coming home.

And still they chase the elusive

Villa! Facts are stranger than fiction

or even The Movies—if newspaper

reports are considered as facts.

It is ill wind that blows no one

any good. The Toledo street car

strike has at least been a source of

profit to the jitney bus drivers and

the result of the strike may be to the

benefit of Toledo citizens.

"The coldest March in thirty-nine

years" the people in Baltimore said

and nature was weeping copiously in

Washington, D. C. last Monday. We

note that other places than Fulton

county have "spells of weather."

Another possibility which has "bud-

ded into a full fledged probability" in

the field of presidential candidates is

a Senator of Massachusetts, John W.

Weeks. They say he is a "Business

Man." So is Theodore E. Burton of

Ohio.

Information For Women.

Housework is trying on health and

strength. Women are as inclined to

kidney and bladder trouble as men.

Aching back, stiff, sore joints and

muscles, blurred vision, puffiness un-

der eyes, should be given prompt at-

tention. Foley Kidney Pills restore

healthy action to irritated kidneys

and bladder. Fink & Haumesser.
